To everyone who plans to participate in the Commencement Ceremony in May 2015:

(Please read this entire message)

As you know the ticket distribution system went live today, Monday, April 06, 2015. Due to a record number of students in the College of Engineering and Computer Science eligible to participate in the Commencement ceremony, only 3 guest tickets are being distributed to those with graduation dates of Fall 2014, Spring 2015 and Summer 2015. Only graduates and candidates for graduation with the mentioned graduation dates are eligible for tickets. If you do not have one of these dates officially in the University system, no tickets can be made available to your guests. As of today, there are 782 students eligible to participate and approximately 2,100 seats for guests. By doing the math, I am sure you can understand why the limit of 3 tickets per student is in place for the enjoyment and safely of all.

Many of you are requesting extra tickets already. EXTRA TICKETS CANNOT BE GUARANTEED. If you would like to be put on the list as needing extra tickets, please email me the following information:

1. Your name.
2. CWID.
3. Number of extra tickets you are requesting.
4. Official graduation date.

Please note that I will be verifying the information that you provide. Incomplete information will prevent you from being considered for extra tickets, should they become available. IF extra tickets can be dispersed, it will be done in early MAY. Please do not email me repeatedly, call the Computer Science Department office, or email or call the Dean’s office with questions regarding tickets. Please email me the information requested above one time. I will email you back IF extra tickets are available in early MAY.

The best chance you will have of obtaining extra tickets is from your friends in the College of ECS who do not plan to participate in the ceremony. Ask you friends for tickets first! Be aware that each guest needs a ticket. Each ticket has a unique bar code. Do not print multiple copies of the same ticket. Also, tickets are FREE! No one may sell the tickets, not the University or your friends.

Be sure to print your tickets immediately and keep them in a safe place. Once all have been distributed or the deadline has past, no more will be printed. All guests MUST have a ticket to enter to College of ECS Ceremony area. Those graduating do not need a ticket to participate in the ceremony.

For any other questions that you may have, please see the Commencement website at http://www.fullerton.edu/commencement/. Parking information can be found here too.

We in the College of Engineering and Computer Science look forward to celebrating your accomplishments in a safe and joyous Commencement Ceremony.
